now assert, or make the voters of this county believe he is not, and if elected will be a friend of theirs, and will, as compensation for Judge Herring's assistance, do all in his power to protect and assist them when they return? Is he not far worse than Ward in this respect? And of the three candidates is not L. W. Carr the only one who is entirely free from such damning entanglements?

The "independent half-breed" organ denounces "as a lie out of whole cloth" our statement that Judge Herring took his daughter in his buggy and carried barley to the Earps, We have only to say that the Judge will not deny it, and if he does we will prove it upon the affidavits of respectable citizens and tax-payers of this place. If there be collusion between Ward and the Earps, which we do not deny or doubt, there must be, judging from appearances and the before us, an agreement between them or their counsel and Dave Neagle. We ask the peaceable and law-abiding citizens to examine this important matter closely before they vote for either Ward or Neagle, and after doing so we feel convinced they will see through the thin guise of the Wardites and the "half-breeds" and cast their votes for L. A LAST RESORT. The "independent half-breeds," realizing that a certain and overwhelming defeat is staring them in the face, are resorting to every device and scheme known to the unscrupulous to stem the tide of disaster which day after day is surrounding them. One of their last campaign falsehood is to the effect that L. W. Carr is to withdraw and throw his influence and support to Ward. They well know that this is utterly false, concocted out of whole cloth to suit their nefarious designs, and the card of L. W. Carr, published in another column, most completely refutes any such statement. Yet these "independent half-breeds " seek to draw their support from the rank and file of the Benson, a man whom we democratic party. # AN "INDEPENDENT" DODGE.

The EPITAPH has heretofore charged that the clique who are acting as trainers for the "independent" candidate for sheriff would scruple at nothing, however disreputable, to accomplish the defeat of the demresentatives of that grand old party. ocratic nominee. It now appears To be successful it was necessary to that these political demagogues have crush out the "half-breed" serpent been endeavoring to enlarge their of "independentism" which, under sphere and are now directing their the guise of democracy, hoped to impotent efforts against the entire erawl into the councils of the party democratic ticket. ### A DAVID CAME TO JUDGMENT!

The "half-breed" organ says of its candidate for sheriff, "If his advice had been taken and acted upon, these outlaws (the Earps) would now be doing the state some service, at Yuma, and every citizen of Tombstone knows it." The citizens of Tombstone know nothing of the sort. They do know, however, that his adassist in their arrest. He permitted them to walk the streets armed the teeth, and did not arrest THEM for carrying concealed weapons, or threaten to "cut their heads off." The citizens of Tombstone also know that Neagle's chief orator, friend and trainer once occupied exactly the same position with the Earps. He was their friend, he is Neagle's now, he helped them, he is trying to help Neagle now, he pleaded for them, he is talking for Neagle now. But he did them no good, and will not be more successful in the present case There is but one conclusion to draw from these facts. Neagle is a friend, supporter and admirer of the Earps, as he has been of outlaws and stage robbers all his life. Is such a man a proper person to be Sheriff? Let the voters in November answer.

### "INDEPENDENT" CHEEK.

The EPITAPH has heretofore proved conclusively that the prime object of Dave Neagle's candidacy was the defeat of the democratic nominee for sheriff. The renegade strikers who are backing the "independent" candidate long since abandoned all hope of his election. The insolent, overbearing character of the manto say nothing of his past lawless affiliations, his utter disregard of the rights of others, and his supreme contempt for the forms of law-is so well known throughout the county that the idea of placing him in a position of power and responsibility is simply abhorrent to all peaceful, lawabiding citizens. But if any further evidence were needed that the renegades fully realize the hopelessness of their cause, Mr. Neagle has himasking the democratic nominee to withdraw from the contest, stating that with three candidates in the field the election of Ward was assured. What do the democrats of Cochise think of this? Does it not fully substantiate all the EPITAPH has claimed, and prove conclusively the sole object of the "independent" candidate and his detestable strikers is the defeat of the democratic request are only equaled by the

In no other part of the country is the law more universally respected than in Cochisc. The desperadoes and lawless characters who once infested this county have been driven out or voluntarily abandoned a place where they could no longer practice their lawless calling with impunity. Dave Neagle had just as much to do with bringing about this state of affairs as he did with the suppression of the late insurrection in Egypt. An opportunity was once afforded him to assist thconstituted authorities in the ene forcement of the law, but he, from some cause best known to himself, utterly refused to co-operate. After the Earps had escaped and left the city and were fugitives from justice, Sherff Behan requested Neagle to has since had the effrontery to claim the credit of having driven them

from the country. THE HON. JOHN WASSON, ex-surveyor general of the territory, departs to day for Tucson, and thence re iding. During the many years in which he held the high and important office of surveyor, he fulfilled the duties imposed upon him impartially, promptly, and with a degree of abilpoint to an action upon which the shadow of suspicion rests, and he carries with him into private life the respect and confidence of those who, for political reasons, most bitterly opposed him.

Many of the leading conservative republicans in the territory will support Oury for congress against Porter. They say Porter is not a man of his word; he was not straight on since he was forced to resign, and he will not be straight or square if he gets to congress, and while Oury might have been more energetic (which we don't admit), he is at least honest and trustworthy.

The Arizona Gazette says: Old Maricopa will come up smiling on the 7th of November, with her usual democratic majorities-a fact that our territorial contemporaries should not loose sight of.

### "PARTIAL TO NONE."

The "independent-half-breed" organ says, "The people of Tembstone have found Neagle prompt at the call of duty." Why then did he refuse to assist in the arrest of the Earps when requested to do so by Sheriff Behan? Again, "they have found him just, and partial to none." He was "partial to none" when he vice was all he gave. He refused to permitted his chief officer, Coyle, to improperly influence the verdict of "hold up" a respectable citizen on the street and search him for concealed weapons, and when remonstrated with, said, "Don't give me son. Hoover attached as exhibits, any of your jaw, or I'll cut your charging Dickson with conspiracy damned head off." He was "partial to none" where he arrested Judge Reilly, and dragging him to jail said, purpose of impeding justice. Dick-'you old - I'm wanting to get hold of you for some time." He was "partial to none" when he arrested Mr. Lane on Allen street, who was putting some drunken man out of his the morning. He was "partial to none" when he said, referring to the Cornish voters, "Wait phan, failed even to furnish a clew 'till after election and I'll make the d-- sons of -- smell hell." Oh. yes, he's "partial to none"-but his followers.

Without acquired knowledge or natural ability, he repeats by rote what his superiors say. In this role he lately delivered a so-called "independent" speech, made up of obscene stories and cullings and scraps from handy but unpurchased periodicals. In his tirade he honored himself by mentioning self furnished it. A few days ago he | the democratic party of this county, wrote a letter to Larkin W. Carr, and particularly this paper, some-

In Africa it is said that venomous snakes pile themselves in monuments so interlaced and entangled that their bodies form an impervious truncated cone, with their heads sticking out on all sides. From whatever direction the enemy approaches it is met with forked and hissing tongues, spitting venom, and is struck with fangs that poison. The re-publican party may be likened to this monument of monsters, its official heads reaching out to destroy with the venom of buse, detraction, vilification, and insult every honest republican who has not his tail within the pile.
